

Insurance Facts & FAQs

Finding out whether your hearing health care is covered can be a challenge. Below are some insurance questions that our patients have.

How does Coverage Confirmation work?

Our PCC will sign you in and get your insurance information. While you attend your appointment, our PCC will contact your insurance company on your behalf to confirm the exact terms of your insurance coverage.

Have your coverage confirmed at your free appointment.

(806) 799-8950

Does health insurance cover hearing aids? Sometimes insurers offer optional hearing plans that include coverage for hearing health care.

Do you take Medicare? Yes, patients with Medicare Part C may be eligible to have the cost of their hearing health care covered*.

How much is covered? The average is \$1,250 per hearing aid, but the amount generally varies by plan*.

What if I forget my insurance card? Can I give my insurance information over the phone? Confirming your coverage in person is preferred. It helps protect our patient's private information and reduces the chances of a miscommunication.

What if I don't have coverage? Livingston has a variety of options available for patients without insurance. Call or attend a free consultation to learn more.

*Insurance coverage can vary by state, plan and age. The cost covered can also vary. The best way to verify your coverage is to contact your insurer and request the exact terms, conditions and costs that can be covered for hearing aids and ongoing hearing health care.
